Subject: Request for Ethical Approval for Research Study

Dear Sir/Madam,

I am writing to kindly request ethical approval from the Northern State Ministry of Health for the following research study:

Title: Clinical Characteristics and Coronary Angiography Findings in Patients with Acute Coronary Syndrome at Merowe Aldaman Hospital, Merowe, Northern State, Sudan, 2025–2026

This research is submitted in partial fulfillment of the requirements for the degree of **MD in Internal Medicine.** The study will be conducted at **Merowe Aldaman Hospital** and will include patients with **Acute Coronary Syndrome** who underwent clinical assessment and coronary angiography during the period from **October 2025 to February 2026.**

The aim of the study is to describe the clinical characteristics of patients presenting with Acute Coronary Syndrome and to analyze their coronary angiography findings. The study is expected to provide useful local data that may support improvement of cardiovascular care, risk stratification, clinical decision-making, and future planning of cardiac services in Merowe and Northern State. The researcher and supervisor confirm that the study will be conducted in accordance with accepted ethical principles. Patient confidentiality and privacy will be strictly maintained. All collected data will be used only for research purposes, and no personal identifying information will be disclosed in the final report or any publication. Data will be handled securely, and access will be limited to the research team only. The study will not interfere with patient management, and no additional risk or harm is expected to participants. Necessary administrative permission from the hospital will be obtained before data collection. Therefore, we respectfully request the Ethical Review Committee at the Northern State Ministry of Health to review and grant ethical approval for this research.

Thank you for your kind consideration and support.

Yours sincerely,

The Researcher	**Supervisor:**
